

INTRODUCING WISH LISTS

The Wish List function is useful for keeping track of plant lists for multiple projects. You can also use it to get a quick estimate for a project, excluding tax and delivery fees.

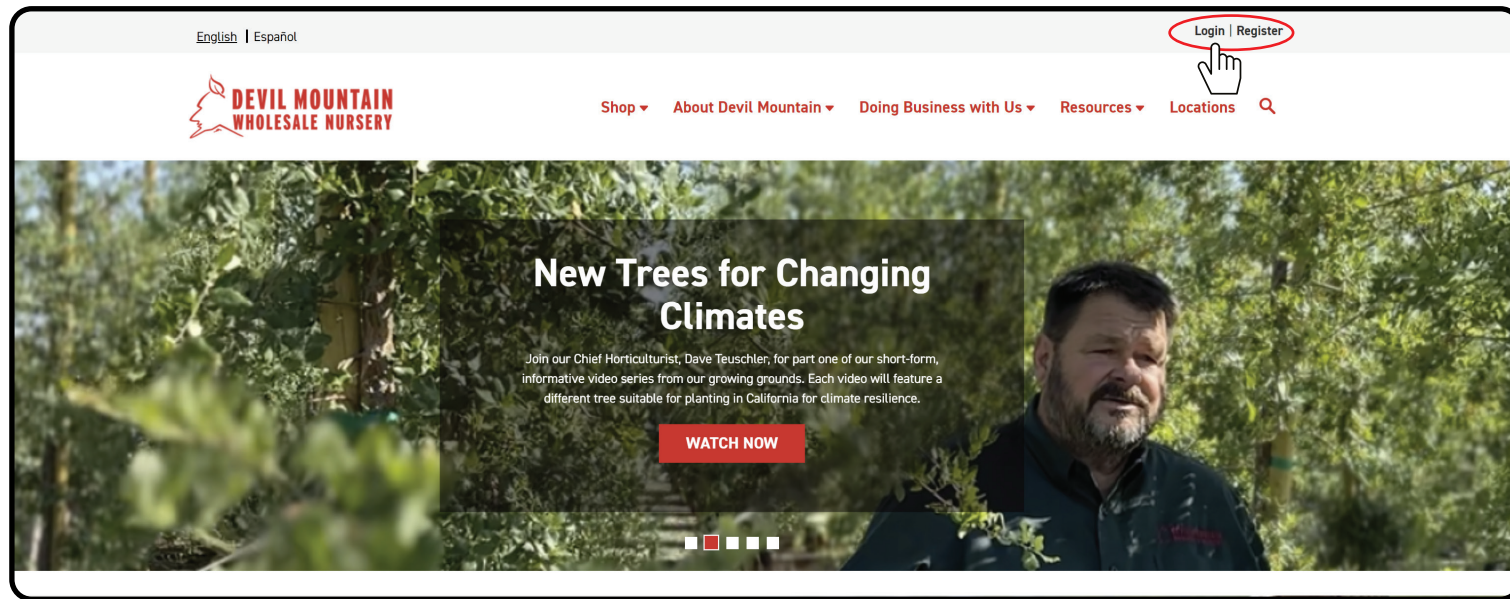

You can create Wish Lists for:

- Each client or project
- Plants you frequently use
- An archive of plants used on a particular project

At any time you can quickly move items from a list to your shopping cart to place an order. Export your list with or without pricing, to send to your client for approval!

STEP 1 - LOG INTO YOUR ACCOUNT

Visit our website and log in to your account.

STEP 2 - ACCESS LISTS

Once you have logged in, click Wish Lists. You can also access Wish Lists any time by clicking in the upper right hand corner.

The screenshot shows the website's user interface. At the top right, there is a navigation bar with links for 'Customer Portal', 'Wish Lists', 'Account', and 'Sign Out'. A red circle highlights the 'Wish Lists' link, with a hand cursor pointing to it. Below this is the main navigation menu with links for 'Shop', 'About Devil Mountain', 'Doing Business with Us', 'Resources', and 'Locations'. The breadcrumb trail reads 'Home > Your Account > Orders'. The main heading is 'My Account'. Below this is a 'CUSTOMER PORTAL' section with buttons for 'Orders', 'Transactions', 'Quotes', 'Credit Cards', and 'Make a Payment'. A large promotional banner for 'New Trees For Changing Climates' is on the left. To its right are three smaller tiles: 'WISH LISTS' (highlighted with a red circle and hand cursor), 'LOCATIONS', 'PLANT CATALOG', 'PLANT COLLECTIONS', and 'AVAILABILITY'.
