## Position Available: Plant Propagation Specialist

### **About Devil Mountain Wholesale Nursery**

Devil Mountain Wholesale Nursery provides landscape professionals with access to more plant varieties than any other wholesale nursery in Northern California. We pride ourselves in having a knowledgeable sales staff, quality plants, and extensive delivery capacity throughout the region.

We operate four nurseries in Northern California: San Ramon, Petaluma, Morgan Hill, and Clements, where our growing ground is located. Our buyers also travel to quality growers throughout the country – from small specialty growers to the largest in the nation – in search of the most exceptional plants for our professional customers. Visit us online at [devilmountainnursery.com](http://devilmountainnursery.com).

### **Description:**

The Plant Propagation Specialist (PPS) will oversee all aspects of plant propagation at our facility at Clements, California, reporting to the Chief Horticulturist.

The PPS will be responsible for performing the following duties:

- Propagation by seed or cutting of numerous plant species.
- Assuring that all propagules are properly planted.
- Performing proper maintenance of propagules including irrigation, fertilization, weed removal. Keeping plants in top condition at all times.
- Managing the propagation crews.
- Maintaining adequate supply of hazard communication signage, and assuring that proper signage is posted
- Staying up-to-date with all new regulations with site's respective county agriculture departments as well as the CDFA and DFG, and reporting these changes to Chief Horticulturist.

The PPS will also be responsible for:

- Maintaining adequate supplies of propagation materials including, planting media, containers, planting and irrigation tools.
- Keeping all planting materials in an orderly manner when in use and when not in use.
- Submitting water and soil samples to labs for analysis and reporting results to Chief Horticulturist

### **Requirements:**

- Experience with plant propagation from seed.
- Valid CA Driver's License with a clean record and a car in good working condition
- Strong professionalism
- Positive "can-do" attitude
- Spanish and English language skills a plus

### **Compensation:**

Commensurate with industry standards. Benefits include:

- 401(k) with Employer Matching
- HMO and PPO Health Plans

- Dental and Vision Plans
- Vacation Pay
- Paid Holidays
- Sick Pay
- Tuition Reimbursement for Approved Courses
- Product Discounts
- Opportunities for Advancement
