

Position Available: Yard Associate

About Devil Mountain Nursery

Devil Mountain Wholesale Nursery provides landscape professionals with access to more plant varieties than any other wholesale nursery in Northern California. We pride ourselves in having a knowledgeable sales staff, quality plants, and extensive delivery capacity throughout the region.

We operate four nurseries in Northern California: San Ramon, Petaluma, Morgan Hill and Clements, where our growing ground is located. Our buyers also travel to quality growers throughout the country – from small specialty growers to the largest in the nation – in search of the exceptional plants for our professional customers. Visit us online at devilmountainnursery.com.

Primary Responsibilities:

- Unload vendor deliveries
- Receive plant material using inventory management program
- Stock incoming plants according to seasonal requirements
