

## **DEVIL MOUNTAIN WHOLESALE NURSERY**

### **Summer Internship Program – Production**

Devil Mountain Wholesale Nursery is accepting applications for our three-month summer internship program. An ideal candidate is an energetic, reliable, and detail-oriented self-starter, with some coursework in horticulture or a related field of study. We will provide valuable training in production nursery management, plant material knowledge, inventory control, and an overall understanding of how a large nursery functions.

#### **Primary responsibilities include:**

- Inventory control and planning
- Production planning and execution
- Propagation
- Field team activities including plant material maintenance
- Safety program participation

#### **Secondary responsibilities include:**

- Dispatch and delivery
- Administration and HR
- Attending inventory and production meetings

#### **Required Skills:**

- Prior experience in a horticultural-related field or coursework in horticulture, botany, environmental studies, or a related field
- Proficient computer use
- Excellent judgment and decision-making abilities
- Strong communication skills, self-confidence and discretion
- Ability to work both independently and as a team player

#### **Compensation:**

This is a paid position.

#### **Locations:**

We are recruiting at our Clements and Fillmore locations.

#### **To Apply:**
