

Position Available:

Cost Accounting Manager

Position summary:

As a Cost Accounting Manager, you will be a key member of our Finance team ensuring all inventory controls and procedures are followed in accordance with GAAP. This position reports to the VP of Finance and will provide cost accounting support to the inventory production sites by strengthening inventory control measures, performing inventory cost reviews, and providing inventory reporting and analysis to business leaders. You will also review and approve monthly financial results as they relate to cost of sales and manufacturing, coordinate annual review and update of product standard costs as well as annual physical inventory.

Responsibilities:

- Create new management dashboards for inventory analysis and variance reports for the production and executive team reviews.
- Review and approve monthly financial results for cost of goods and manufacturing operations and associated balance sheet accounts.
- Monitor inventory accuracy to enable regular operational/finance reviews
- Review inventory reconciliations and flux analysis related to all inventory, including raw material, WIP, finished goods
- Coordinate annual review and approval of standard costs to ensure proper valuation of inventory and projection of product profitability.
- Manage and maintain cost standards and bills of material.
- Support the implementation of policies and procedures to ensure accurate tracking of inventory and appropriate inventory levels.
- Provide monthly/quarterly directions on requirements of cycle count programs and recommend physical inventory counts requirement

Experience and Other Requirements:

- Bachelor's degree in accounting or finance
- 5+ years of experience in Cost Accounting, with relevant experience of inventory and COGS analysis or audit
- Knowledge of receiving, inventory flow, operations process and manufacturing principles
- Demonstrate clear written and verbal communication skills.
- Excellent Excel skills and the ability to manipulate and analyze large amounts of data
- NetSuite software experience is preferred

Job Specifications:

This is an "in office" position. Must be able to remain in stationary position of either sitting or standing. Extensive typing and 10-key use required. Gross grasping and use of hands and fingers required.

Benefits Offered:

401(K) with company matching of 4% once eligible. HMO and EPO Health plans with Kaiser and Anthem, employer pays portion of premium. Basic Life Insurance provided by employer. Dental, Vision and other voluntary insurances offered. Vacation, Sick and Holiday pay offered.
